For prices on sheaths to fit above blades, see our catalogue.
 For stainless steel blades (available fully finished, only) add \$5.00. (See catalogue, for available models).
 Notice: We offer these parts for those who wish to construct their own knives; Please do not ask us to supply Hilts, Butt Caps, or Handles drilled, inlet, shaped or fitted (if we did these operations, we may as well finish the entire knife.) We do want to point out that there is some hazard in these operations and only a skilled shop worker should attempt them.
