AL MAR KNIVES – THE WARRIOR'S EDGE™

In 1979, Al Mar created "Specialty Cutlery" with the introduction of unique designs, produced at quality levels that rivaled custom, hand-made knives. We made the first Tactical folder, which is the forerunner of our SERE 2000™ and we introduced the original Al Mar "Front Lock" into production. Today, we continue to make every "Al Mar" using the finest steels, scale materials and heat treatment available. Our knives are assembled, finished and sharpened all by hand, by craftsmen dedicated to creating the very best knives you can buy.

Gary Fadden
President

SHIVA™

The Shiva is an original Al Mar design and it is the first Tactical fixed blade we've ever made with a laminated VG-10 stainless steel blade. Laminating the VG-10 between two layers of 400 series stainless steel increases the lateral strength of the blade by upwards of 30% and does so without increasing the weight or bulk. The Shiva has a beautiful tapered tang, contoured and polished black Micarta scales, satin stainless guard and a full grain traditional leather sheath in black. It is the finest quality tactical fixed blade we've ever made.

Product Code:	SV-BM1 - NEW
MSRP:	\$459.00
Steel:	Laminated VG-10 Cobalt Stainless Steel
Blade Length:	5.25"
O.A.L.:	10"
Blade Thickness:	.160"
Weight:	5 oz.
Scales:	Black Linen Micarta
Hilt:	Stainless Steel
Sheath:	Leather (Black)

erator™ and the Sheath System

The sheath itself is 30% fiberglass filled polymer – strong, light, highly chemical resistant and durable. The knife is retained in the sheath by integral locking points.

The Tek Lok™, attached to the back of the extender, is fully adjustable for different size belts – it is ambidextrous and can be tilted into different positions by drilling additional holes in the extension plate.

The extension plate is between the Tek Lok™ and the sheath. It can be removed for more compact carry or additional holes may be drilled in it for a custom application. It is often used when attaching the sheath to other equipment or vehicles.

The rubber "snubber" is for additional security – to keep the knife safely in the sheath under more severe conditions until needed.

Product Code:	SRO
MSRP:	\$208.00
Product Code:	SRO-5
	(Sawback)
MSRP:	\$215.00
Steel:	S30V
Blade Length:	5"
OAL:	10.25"
Blade Thickness:	.140"
Weight:	6 oz.
Scabbard:	Prylon

SERE 2000™

(Survival-Evasion-Resistance-Escape)

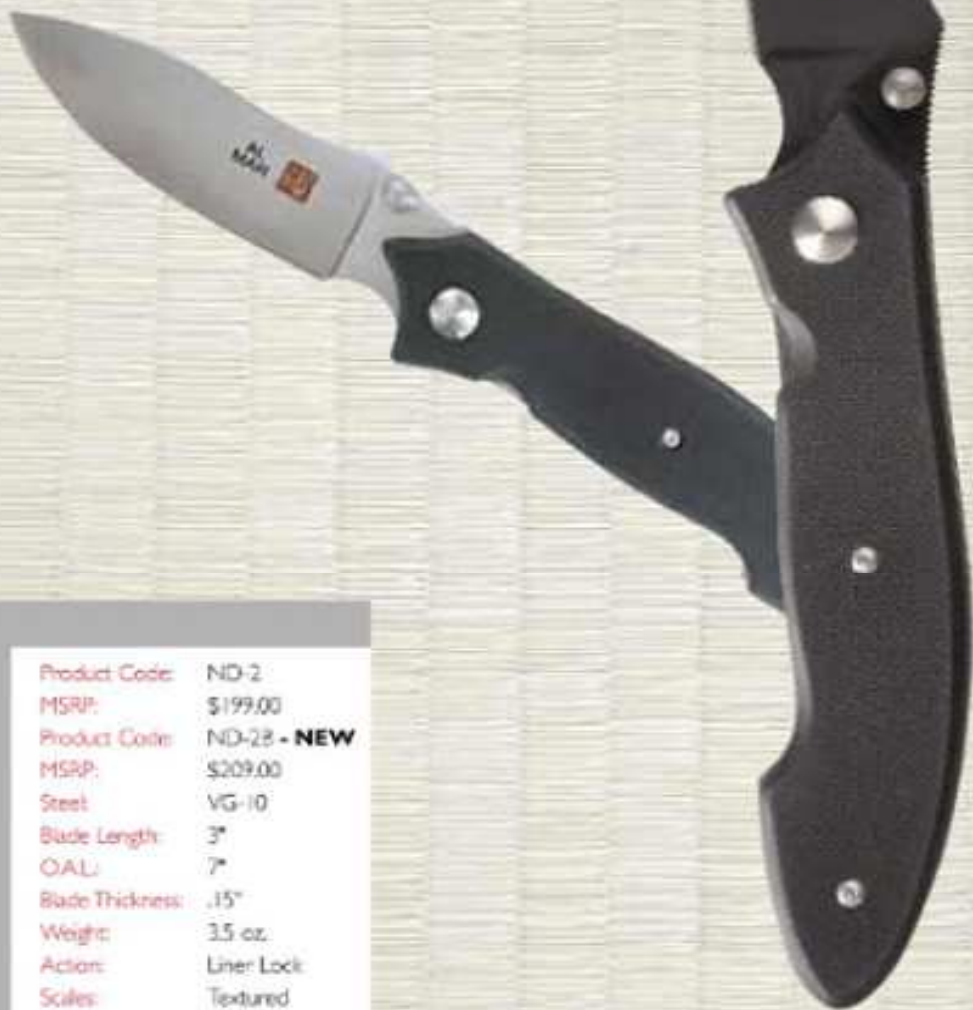

The SERE 2000™ is world renowned as one of the strongest knives in the world. Originally designed by Al Mar and Colonel [redacted] of the U.S. Army's SERE school, today's updated model is the most precision version we've ever made. Available in matte black chrome (S2KB), today's SERE 2000™ folds through design, dual thumbstuds and our reversible carry and delivers the kind of performance you need.

Nomad

The Nomad is our slightly smaller tactical folder. It features textured black G-10 scales, a flat ground 3" VG-10 stainless blade with dual thumbstuds, heat treated 400 series stainless steel liners and heavy duty liner-lock as well as our pillar construction and flow through design. Designed by Kirk Rexroat.

NEW - THE NOMAD IS ALSO AVAILABLE WITH A BLACK CHROME PLATED BLADE.

Product Code:	ND-2
MSRP:	\$199.00
Product Code:	ND-2B - NEW
MSRP:	\$209.00
Steel:	VG-10
Blade Length:	3"
OAL:	7"
Blade Thickness:	.15"
Weight:	3.5 oz.
Action:	Liner Lock

Shrike™

NEW FOR 2005 - THE SHRIKE HAS BEEN UPGRADED WITH TEXTURED G-10 SCALES

The Shrike has our heavy duty liner-lock system, pillar construction and flow through design just like our SERE 2000™ and Nomad for maximum performance. The ergonomic design with its flat ground trailing point blade is as versatile as it is comfortable. The Shrike™ features dual thumbstuds and stainless steel pocket clip. Designed by Kirk Rexroat.

Product Code:	SKE-20*
MSRP:	\$199.00
Steel:	VG-10
Blade Length:	4"
OAL:	8.5"
Blade Thickness:	.120"
Weight:	6 oz.
Action:	Liner Lock
Scales:	Textured G-10
Clip:	Black stainless steel

Ultra-Chef™ Knives

The "Ultra Chef" models - classic in design - state of the art in Performance. Each blade is 33 individual layers of stainless steel - 16 layers per side plus the center layer of VG-10 Cobalt stainless steel and hardened to a Rockwell of 60-62. These knives are incredibly strong, light in the hand, perfectly balanced and extremely sharp. We didn't stop there - the handles are made from select Cocobolo, long considered one of the world's most beautiful exotic hardwoods. The Ultra-Chef™ Line - arguably, the finest chef's knives made today. Each knife is individually gift boxed.

Ultra-Chef blade showing - the detailed pattern in the multiple layers of steel.

Al Mar Knives
PO Box 2295
Tualatin, Oregon 97062

OUR LIMITED LIFETIME WARRANTY:

All new "Al Mar" models manufactured since January 1998 carry our limited lifetime warranty. The warranty covers materials and workmanship for the life of the knife. This warranty is to the original owner of the knife only. Al Mar Knives will, at our option, repair or replace any knife covered by this warranty that we have determined to be defective. The owner must return the knife with a copy of the original bill of sale or other satisfactory proof of purchase that includes the date of purchase. This limited lifetime warranty specifically does not cover abuse, neglect, misuse or lack of maintenance. Broken blade tips are specifically not covered by our warranty. A broken tip is the most common form of abuse. Any modifications and/or disassembly will void this warranty. Only authorized Al Mar Knives personnel can make warranty determinations on our products. All knives should be mailed to: AMK, PO Box 2295, Tualatin, OR 97062. Please include a description of why the knife is being returned, your return address and a daytime phone number.
