KITCHEN

Shiva™

The Shiva™ is an original Al Mar design and is the first tactical fixed blade we've ever made with a laminated VG-10 stainless steel blade. Laminating the VG-10 between two layers of 400 series stainless steel increases the lateral strength of the blade by upwards of 30% and does so without increasing the weight or bulk. The Shiva™ has a beautiful tapered tang, contoured and polished black Micarta scales, satin stainless guard and a full grain traditional black leather sheath. It is the finest quality tactical fixed blade we've ever made.

PRODUCT CODE: SV-8M
MSRP: \$599.99
STEEL: Laminated VG-10 Cobalt Stainless Steel
BLADE LENGTH: 5.25"
O.A.L.: 10"
BLADE THICKNESS: .16"
WEIGHT: 3 oz.
SCALES: Black Linen Micarta
HILT: Nickel Silver
SHEATH: Leather (Black)

Eagle Heavy Duty™

Eagle Heavy Duty™ Introducing our Eagle Heavy Duty model. Built for the individual that carries the Eagle Ultralight for their "EDC" and wished they could have a tougher version with the same features as our SERE 2000. Well here it is, the all new Eagle "HD" Heavy Duty. The "HD" weighs in at only one ounce more than the Ultralight™ version, it has skeletonized heat treated 400 series stainless steel liners, G-10 scales, adjustable action, dual thumb studs and our reversible/removable pocket clip system which attaches through the lanyard hole.

Just as the Eagle Ultralight is very easy to carry and disappears in your pocket, so does the Eagle Heavy Duty. We took the same great profile and slim design and added strength and features.

The Eagle Heavy Duty - it will be your next favorite "EDC" or "Every Day Carry" knife.

PRODUCT CODE: SH0BT
MSRP: \$199.95

The SERE 2000™ and Mini SERE 2000™ are world renown as two of the strongest tactical folders in existence. Originally designed by Al Mar and Colonel Nick Rowe in the early 1980's for the U.S. Army's SERE school, today's updated models are stronger, lighter and the most precision versions we've ever made. Available in satin finished VG-10 (S2K) or matte black with our new ceramic coating - the most corrosion and scratch resistant finish we've found. The SERE 2000™ features pillar construction, flow through design, dual thumb studs and our reversible Deep Pocket Clip for discrete carry and delivers the kind of performance you need in the real world.

SERE Operator™

Our Classic SERE™ design in a fixed blade version -- the SERE Operator™ (SRO-V) and Mini SERE Operator™ (MSRO-V) both feature a blade made of VG-10 Cobalt stainless steel with a full length, full perimeter exposed tang for maximum strength. The SERE Operator™ and Mini SERE Operator™ each have matte finished, bead blasted Micarta scales for a comfortable grip that is both non slip and comfortable. In addition to the standard lanyard hole, each Operator™ has three stainless steel lined lashing holes in the handle which in addition to their use for securing for use as a spear, can be used for additional security and customization. Both Operators™ are supplied with a black nylon sheath system designed for ambidextrous carry. It can be attached to virtually any belt, pack or load bearing equipment or just about anywhere else you can think of... Each sheath has an accessory pouch and multiple tie downs.

Nomad

The Nomad is our slightly smaller tactical folder designed by Kirk Reece. It features textured black G-10 scales, a flat ground 3" VG-10 stainless blade with dual thumbstuds, heat treated 400 series stainless steel liners and heavy duty liner lock as well as our pillar construction and flow through design.

PRODUCT CODE: NO-2

BLADE THICKNESS: .15"
WEIGHT: 2.5 oz.
ACTION: Liner Lock
SCALES: Textured G-10
CLIP: Black, S/S

PAYARA

The tip of the Payara is the nexus of three different grinds, creating a dynamic blade shape that provides superior penetration and cutting power.

The Payara rides deeply in the pocket, tip-down, thanks to a black stainless steel pocket clip.

PRODUCT CODE: AM-PA2
MSRP: \$279.99
STEEL: VG-10 Rc 59-60
BLADE LENGTH: 4"
O.A.L.: 8.75"
BLADE THICKNESS: .12"
WEIGHT: 6.0 oz.
ACTION: Liner Lock
SCALES: Textured G-10
CLIP: Black, S/S

The Payara™ is an aggressive design for the serious outdoorsman, named after the elusive and vicious sabre-toothed fish found in South American rivers that feeds on Piranha by impaling them on fangs up to six inches in length! Building on the proven Al Mar liner lock system, pillar construction, and flow through design, the Payara adds an aggressive new blade for maximum cutting power and penetration. Dual thumbstuds and stainless steel clip complete the package.

Shrike™

The Shrike™ has our heavy duty liner lock system, pillar construction and flow through design just like our SERE 2000™ and Nomad for maximum performance. Designed by Kirk Reece, the Shrike's ergonomic design with its flat ground trailing point blade is as versatile as it is comfortable and features dual thumbstuds and stainless steel pocket clip.

PRODUCT CODE: SKE-26
MSRP: \$269.99
STEEL: VG-10

All Eagle Classic models include a finely crafted leather pouch embossed with the Al Mar logo.

The Eagle, largest in our Classic line is offered in two blade configurations. Both feature the same double thickness brass liners, stainless steel bolsters (excellent for engraving), and a lanyard hole. The first is our "Classic" with its full faced flat ground blade; it is the original blade configuration found on all of our Classic Series knives featuring a nail nick for opening. The Talon blade model, has a false edge and dual stainless steel thumbstuds. Whichever model you choose, you're choosing a knife built for more than a lifetime of use, a knife you can use and pass along for generations to come.

The classic Hawk™, an Al Mar Classic since 1979, is a perfectly sized "gentleman's knife" reflecting timeless design and peerless craftsmanship in a larger size than the Osprey™. Made with the same attention to detail that you expect to see in a hand-made custom knife, each Hawk™ features stainless steel bolsters, brass liners and includes a finely crafted leather pouch embossed with the Al Mar logo.

The diminutive Osprey™, an Al Mar Classic since 1979, offers timeless design and peerless craftsmanship usually found only on the finest custom hand made knives; all in the smallest, highest quality front lock made today. The Osprey™ features stainless steel bolsters, brass liners and comes with a finely crafted leather pouch embossed with the Al Mar logo.

Al Mar
KNIVES

OUR LIMITED LIFETIME WARRANTY*

All new, "Al Mar" models manufactured since January 1998 carry our limited lifetime warranty. This warranty covers materials and workmanship for the life of the knife. This warranty is to the original owner of the knife only. Al Mar Knives will, at our option, repair or replace any knife covered by this warranty that we have determined to be defective. The owner must return the knife with a copy of the original bill of sale or other satisfactory proof of purchase that includes the date of purchase. This limited lifetime warranty specifically does not cover abuse, neglect, misuse or lack of maintenance. Broken blade tips are specifically not covered by our warranty. A broken tip is the most common form of abuse. Any modifications and/or disassembly will void this warranty. Only authorized Al Mar Knives personnel can make warranty determinations on our products. Please visit www.AlMarKnives.com for warranty repair return instructions. Automatic knives are not covered by our lifetime warranty.
