SOG SPECIALTY KNIVES

Producers
of
World Class Blades

SOG SPECIALTY KNIVES is dedicated to creating the highest standards of production cutlery in the world. We use the strongest steels, finest materials and newest manufacturing techniques which are combined with traditional hand craftsmanship to ultimately create the sharpest and most durable edges in the industry.

All of our products utilize the timeless and historically proven bowie design which gives the user maximum capability and performance in virtually every situation. The magical feel of our knives have become a trademark, perfectly balanced and sculpted for fit so that the blade does the work as if on its own. Our products are designed for the professional, sportsman, hunter, militarist, outdoorsman, survivalist and collector... or anyone who can appreciate precision cutlery at its finest!

Our flagship is based on the original knife developed by Special Forces in Vietnam. The finest gunblued high-carbon tooling steel is combined with a first-time resin-impregnated leather handle. The extremely thick blade and deep hollow grind make this one of the most appealing all purpose blade designs in the industry today.

SOG BOWIE

- Specifications:
- 6 1/4" blade, 10 3/4" overall length
 - Quality leather scabbard included

In response to an ever increasing demand for the highest quality cutlery, the Trident stands alone. Built entirely from stainless steel, this bowie blade features a reinforced point that will withstand severe use. This is the first time that a lasercut stacked micarta washer handle has ever been used, rendering the knife completely waterproof.

TRIDENT

- Specifications:
- 6 1/4" blade, 10 3/4" overall length
 - Cordura scabbard suitable to a variety of mountings

The state of the art in folding knives. Now you can have that bowie design you always wanted in a folder, giving optimum performance and full range capability in virtually every situation. This futuristic blade shape will cut like a much larger knife and yet will fold to a small, sleek package for ease in carrying. The all high-carbon stainless steel construction will insure a lifetime of reliability. Featuring the new negative-draft locking bar system, this mechanism relies on leverage rather than spring pressure to positively lock the blade in the open position for the ultimate in safety. This all adds up to one of the most unique knives to ever be produced! From the open range to close quarters, the Tomcat will travel anywhere and everywhere.

TOMCAT

- Specifications:
- 3 3/4" x .180" blade, 8 1/4" overall
 - Kraton raised point positive grips
 - Dual mounting nylon scabbard

For those of you who want the absolute full range capability that the big blade offers... our Tigershark flies forward with chopping, slicing and pointwork capabilities never previously integrated into one knife. Utilizing the historically proven bowie design, this blade steps into the future with rakish lines that cannot be found on any other knife in the world!

This 9" bowie is manufactured from the finest high carbon steel, custom smelted and rolled to our specifications, treated to a Rockwell 55-57 and features flat ground bevels, our faceted reinforced tip and a new special rolled edge.

These characteristics combine to form the finest aggressive cutting surface and exemplary edge taking ability in the industry today. The molded Kraton raised point handle encapsulates the tang and provides a gripping comfort that translates into maximum effectiveness with minimal effort.

Tigershark

- Specifications:
- 9" blade, 14" overall, .250 stock
 - Lifetime guarantee
 - quality leather scabbard

The feel is pure elegance. The feel is pure Tigershark.

Step forward with the finest.
